Monsieur H. Schroeder, Secretary, C.S.I., Federation Internationale de l'Automobile, 8 Place de la Concorde, Paris VIIIe, France.

Dear Monsieur Schroeder,

## Austin-Healey 3000 G.T.

An ommission has come to light regarding the form of recognition for this car. Where two carburrettors are fitted these are semi-down draught as indicated on the form, but when three carburettors are fitted these are horizontal.

We have added this information to our copies of the form and would appreciate your doing likewise with the forms held by the F.I.A.

Yours sincerely,

Bruce Burn, for Manager,

Competitions Dept.
